MEMORANDUM FOR: Chairman, Cost Reduction and Efficiency  
(CORE) Committee

FROM : Clair E. George  
Associate Deputy Director for Operations

SUBJECT : DO CORE Recommendations

Forwarded herewith are the Directorate of Operations recommendations to the CORE Committee. Most are duplications of DDA recommendations because of their significance to the functioning of this Directorate. There are very few additional recommendations that we can make. The big savings generated by this Directorate accrue to other U.S. Government entities through the use of our intelligence product. Our record in this area was recently reviewed and supported by the DCI.
